Price List

FEEL FREE

A caravan exactly as you want it

With seven models, three lines, and numerous options, you have nearly endless possibilities to get a caravan perfectly tailored to your needs. Feel free to seek assistance from Polar's dealers. They know all the possibilities and can give you excellent advice before your purchase. Good luck!

BLACK EDITION

The new Black Edition is the range for those who value functionality, comfort, and an easy-going caravan lifestyle. High quality, four different versions, and a more attractive price point.

BLUELINE

Affordable and well-equipped base model with an attractive optional package. Available in all standard layouts.

BLACKLINE

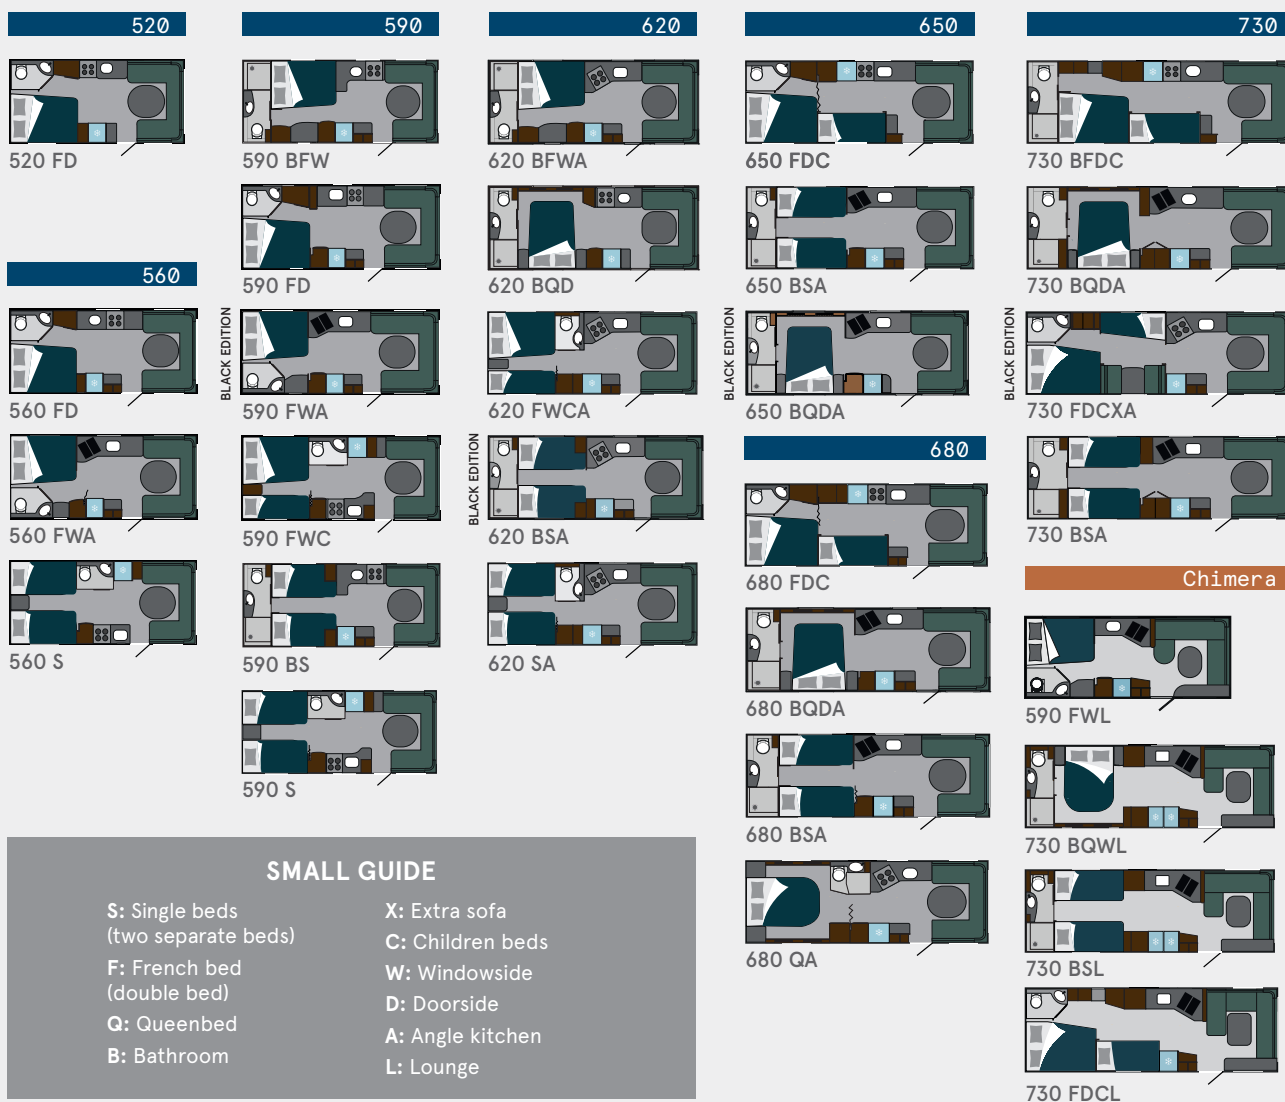

The line for those who want a little more and a little better. The equipment is selected and packaged to add an extra touch of luxury to your caravan life.

CHIMERA BY POLAR

This year's new model offers caravan living on an entirely new level. Exclusive, fully equipped, and available in four unique layouts specific to this model.

Floor plans 2025

TECHNICAL DATA

Applicable to all models:
 Exterior width: 251 cm.
 Exterior height: 277 cm.

	Length with drawbar	Length* exterior	Length interior	Unladen weight (incl. 20 l of water)	Gross weight	Living area	Beds	A-measurement tent	Axle**
520	717 cm	583 cm	507 cm	1500 kg	1600-2000 kg *	12,1 m ²	2 - 3	962	Single
560	771 cm	639 cm	563 cm	1600-1630 kg	1700-2000 kg *	13,4 m ²	2 - 5	1018	Single
590	799 cm	667 cm	591 cm	1650-1755 kg	1760-2000 kg *	14,1 m ²	2 - 5	1046	Single
620	827 cm	695 cm	619 cm	1670-1750 kg	1770-2000 kg *	14,7 m ²	2 - 5	1074	Single
650	855 cm	723 cm	647 cm	1780-1860 kg	1890-2000 kg *	15,4 m ²	2 - 5	1102	Tandem
680	879 cm	751 cm	675 cm	1870-1900 kg	2000-2650 kg	16,1 m ²	2 - 5	1130	Tandem
730	934 cm	807 cm	731 cm	1970-2150 kg	2120-2650 kg	17,4 m ²	2 - 6	1186	Tandem

Unladen weight is the weight of the caravan in standard configuration with battery, gas cylinder, spring mattress, and full fresh water tank. Please note that these weights do not include added options.

Equipment table

On the following pages, you will see the standard equipment included for each line and the available options. With Polar, you get more and better because what is often optional with other manufacturers is included as standard in our caravans. Each caravan is also leak-tested with a guarantee and comes with a unique weight certificate.

Comfortable and good

Polar has a high level of standard equipment. The caravans are built to be used year-round in Nordic climates and are very durable. The options and various equipment lines allow you to customize the caravan according to your specific needs and preferences. Here are some of the features of Polar caravans.

Door with window is standard in all lines.

External hatch allows you to conveniently bring along your camping equipment.

Gas switch-over automatically switches to the reserve bottle when the first one runs out.

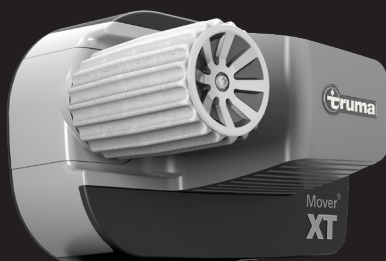

Safety coupling reduces the risk of trailer sway and yaw.

Gas outlet in locker eliminates the need to pack gas cylinders for the grill – simply connect your grill to the caravan's own gas supply.

Mover automatically moves the caravan without a tow vehicle for fine adjustments.

External shower, perfect for rinsing off sandy feet or dirty paws.

Polar reserves the right for misprints, possible changes in production and price, local variations, differences between countries, and that optional equipment may appear in certain images.

Northern heart

The northern Swedish heritage runs deep in the DNA of Polar caravans. In the cold and harsh climate, there's no room for half measures. Materials must withstand persistent sub-zero temperatures, and vehicles must endure endless roads with frost heaves. Each caravan undergoes rigorous quality testing before reaching the buyer and comes with a 7-year leak guarantee. That's why the emblem "Made in Norrland" proudly adorns the caravans from Dorotea.
